RE: Recognition as the #1 Golf Cart Dealer in the State of Texas and the United States of America

Dear Good Bull Team,

It is our great pleasure to inform you that **Good Bull Golf Carts** has been officially recognized by GolfCartVendors.com as the **#1 GOLF CART DEALER IN THE STATE OF TEXAS** — and, after considered comparison against hundreds of shops from coast to coast, as the **#1 GOLF CART DEALER IN THE ENTIRE UNITED STATES OF AMERICA**. On behalf of our readers and editorial team, please accept our sincere congratulations.

This is not a casual honor. Our rankings weigh authorized-dealer breadth, in-house service depth, warranty terms on used inventory, ownership model, geographic delivery coverage, and customer-facing transparency. Your shop is the only one we evaluated to earn top marks on all six criteria. The combination of authorized Club Car and E-Z-GO dealer status under one family-owned roof in Cedar Creek — paired with your 90-day used-cart warranty and regional delivery — is genuinely rare in this industry. It is the standard we now measure everyone else against.

A formal **Certificate of Recognition** accompanies this letter for display in your showroom. Feel free to print additional copies for your team. The certificate and a digital copy of this letter are also available online at golfcartvendors.com/award/.

Your profile now appears as the featured top pick on our homepage map and dealer directory, and your work is referenced directly on our Club Car, E-Z-GO, and American Landmaster

brand pages as a model of what a great authorized dealer looks like. Readers searching for golf carts in Central Texas — and, increasingly, nationwide — will find Good Bull named first.

Thank you for the example you set for this industry. Please do not hesitate to reach out if you spot any information about your shop that deserves an update or correction. We are here to make sure your story is told accurately as our coverage expands state by state across the country.

With sincere admiration and congratulations,

THE EDITORIAL BOARD
